HARDWOOD VISUALS: TACK BOARDS

Tack Boards by Hardwood Visuals can not only leverage productivity by offering a location for disseminating critical team information, but also enhance work place culture, by providing a silent reminder of shared goals, shared experiences, and "bookmarks" of daily life in your organization. Careful placement in common areas, at foot traffic intersections and in places that hold structured meetings can go far further to creating common purpose than meetings alone.

The quality of Hardwood Visuals tack boards signal an organization's commitment to continuing communication and workplace performance.
